ABSTRACT

This bibliography lists examples of journal articles and chapters in edited books dealing with peace education; some separate prints of article size also are included. The major focus of the bibliography is on materials in English, German, and the Scandinavian languages from the last 25 years. Titles of articles are given in the original language if the original language is English, French, or German, no translations are provided, but in the case of other original languages, a translation of the title into English is added in square brackets. The bibliography contains over 600 citations. (BT)

ARTICLES ON PEACE EDUCATION

A Selective Bibliography with A Focus on the Last 25 Years

Åke Bjerstedt

This miniprint lists examples of journal articles and chapters in edited books dealing with peace education. Some separate prints of article size are also included. The major focus is on materials in English, German and the Scandinavian languages from the last 25 years.

Titles of articles are given in their original language. If the original language is English, French or German, no translations are provided. In the case of other original languages, a translation of the title into English is added in square brackets.
